

MaineHealth Breast Policy

 <p>MaineHealth CANCER CARE NETWORK SUPPORTED BY THE HAROLD ALFOND® FOUNDATION</p>	<i>Breast Cancer Specialty Tumor Board Referral Guideline</i>	
	Original Date: 10-27-15	Review Date:
	MaineHealth Breast Work Group	

Patients in the following categories should be reviewed after biopsy before definitive management by a MaineHealth Breast Regional Oncology Tumor Board:

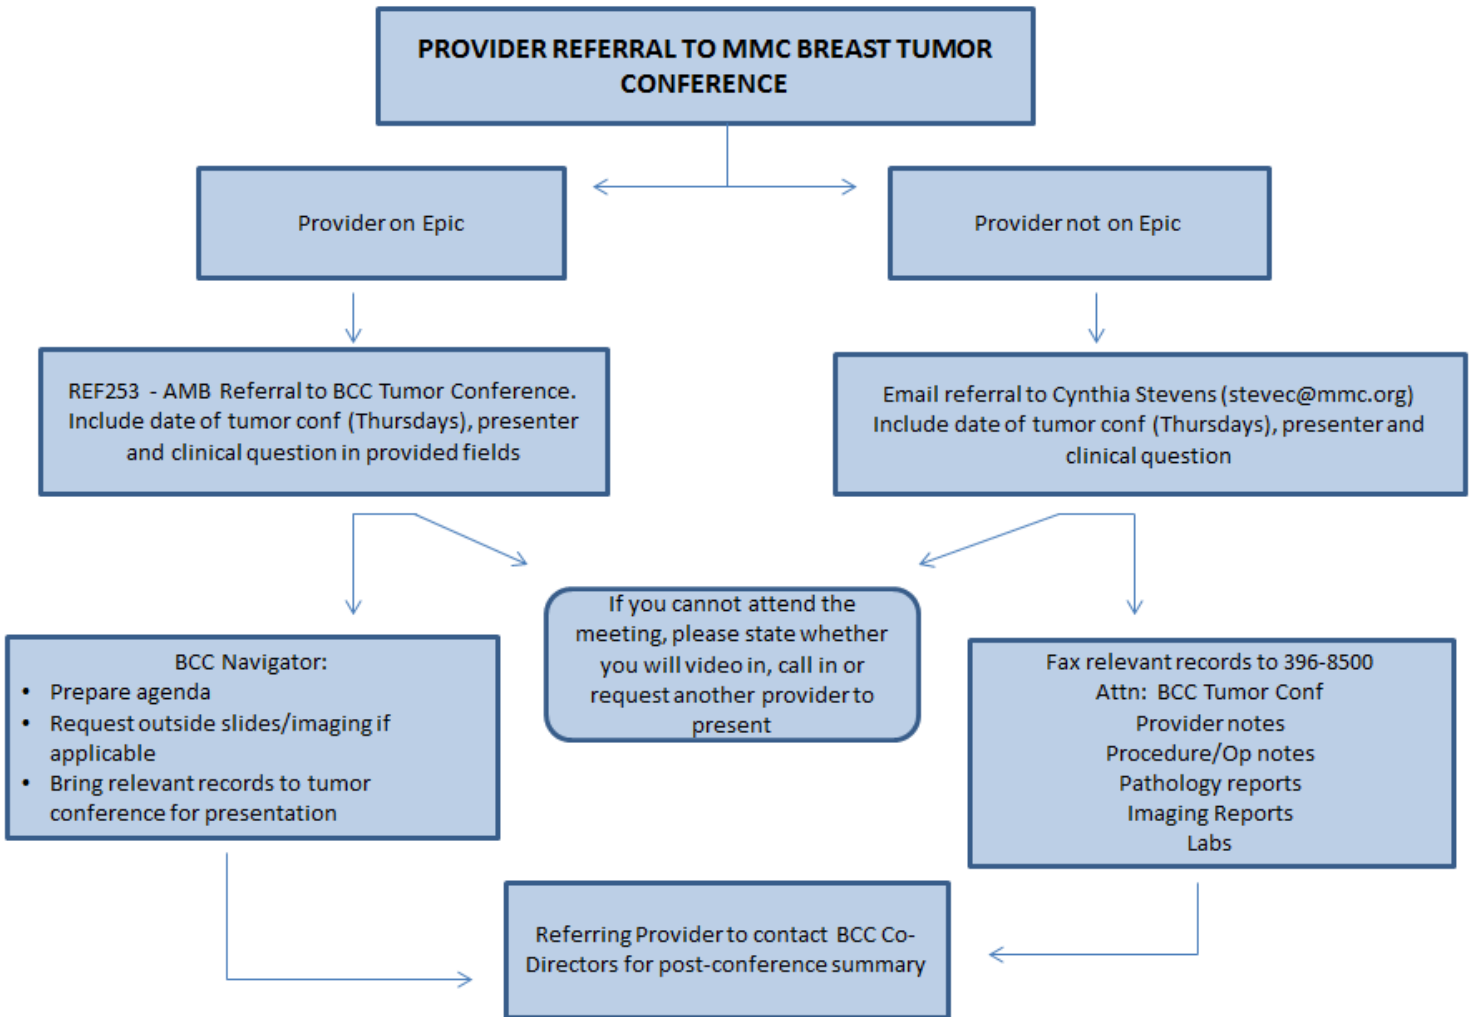

- A. Case with evident complexity
 - 1. Pregnancy
 - 2. Age <35
 - 3. Prior chest radiation >20GY prior to the age of 30
 - 4. Questioned inflammatory breast cancer

- B. Pathology that would support consideration for neoadjuvant chemotherapy
 - 1. Her2neu +
 - 2. Triple Negative

- C. All cases from hospitals having a small volume of breast surgery cases (defined as less than 13 cases per year) be reviewed at a tumor conference (or consulted on by a breast specialist) at MMC, MGMC or a MH NAPBC accredited hospital (St. Mary's or Southern Maine Healthcare).

- D. Complex cases as deemed by treating provider

Video Quality: Best Quality (Recommended)

Microphone: Microphone (Realtek High Definition Au

Speaker: Speakers (Realtek High Definition Audio

At the end of the session, click on red end call icon.

Additional help related to this application:

1. You may need to check that no other application is running that uses the microphone - Skype, Facetime, etc.
2. There is a microphone icon at the bottom of the display area (red arrow) – if you click on that, it will turn red, indicating the mic has been muted. Click again to unmute.

If there are any problems call the Telehealth Help line at 207-613-1674.
