You will be asked if you have insurance of any kind to help pay for your care. You may also be asked to show that insurance or a government program will not pay for your care.

Charges Will Not Exceed Amount Generally Billed to Medicare

If you are approved for financial assistance under our policy, any charges not covered in full by financial assistance provided will, generally, be billed at an amount we would bill to patients having insurance. This applies to emergency or other medically necessary care.

Only necessary medical care is given as free care. If you do not qualify for free medical care, you may ask for a fair hearing. We will tell you how to apply for a fair hearing.
