STRATEGY 4: Provide Opportunities to Get Physical Activity Every Day

why does this matter?

Active kids tend to be healthier kids, and healthier kids are better learners.

Regular physical activity reduces feelings of anxiety, stress, and depression, and increases self-esteem.1, 2

Kids who are physically active on a daily basis are less likely to be overweight or obese. They are also less likely to develop risk factors for chronic diseases and several types of cancer.1-3

Students who are physically active tend to have better grades, school attendance, and classroom behaviors.4-8

Students spend most of their time in the classroom, making it a practical location for adding opportunities for physical activity. Brief classroom physical activity breaks (5-10 minutes) can improve attention, concentration, on-task behavior, and test scores.4-8
