

# RECOGNITION PROGRAM

**Should you have any questions about the Let's Go! Health Care Recognition Program, or for information on Let's Go!'s child care, school, and out-of-school Recognition Programs, please visit: [www.letsgo.org](http://www.letsgo.org)**

The Let's Go! Recognition Program celebrates health care practices, child care programs, schools, and out-of-school programs that have made improvements in their environments related to healthy eating and physical activity. Recognition is given to health care practices that complete the yearly Let's Go! survey and show they are implementing the three clinical strategies of the Let's Go! health care program.

Health care practices receive annual recognition when implementing the following:

1. Connect to your community and Let's Go! community efforts:
  - How: Hang a Let's Go! poster in your waiting room and ALL exam rooms where pediatric patients are seen.
2. Accurately weigh and measure patients:
  - How: ALL providers at well-child visits determine body mass index (BMI), BMI percentiles, and weight classification in patients ages 2 years and older.
3. Have a respectful conversation around weight:
  - How: ALL providers at well-child visits use the 5-2-1-0 Healthy Habits Questionnaire.

## Recognized health care practices are publicly acknowledged in the following ways:

- The practice is listed as a "Site of Distinction" on [www.letsgo.org](http://www.letsgo.org).
- The practice receives a framed Let's Go! "Site of Distinction" certificate.
- The practice's senior leadership receives a signed "Letter of Acknowledgement" from the Director of Let's Go! acknowledging the great work the practice has completed.
