STRATEGY 9: Implement a Staff Wellness Program that Includes Healthy Eating and Active Living

why does this matter?

Staff who practice **healthy eating and active living** are great role models for kids.¹,²

**A staff wellness program can strengthen** the healthy eating and active living message that kids are already receiving.

A staff wellness program can encourage staff to **value nutrition and physical activity more highly**, and can increase their commitment to adopting and creating a healthy environment for the children in their care.¹,³

Staff becomes **more comfortable talking** about nutrition and physical activity, and they are more likely to serve healthy options for snacks, at celebrations, and at staff meetings.¹-⁴
