The prevalence of obesity in Sagadahoc County is 17% for middle school students, 16% for high school students, and 25% for adults. This is why local Let’s Go! Coordinators partner with 73 sites in our region to promote healthy habits.

*The grant we received was so very helpful for our program’s playground. We were able to add new and fun items to it and the children love them! I’m looking forward to continued collaboration with 5-2-1-0.*

— Early Care and Education Program, Richmond
